PROFESSIONAL SUMMARY

Results-oriented Artificial Intelligence and Data Science student skilled in Python, Machine Learning, Data Structures, and Natural Language Processing. Experienced in developing end-to-end predictive pipelines, voice-controlled automated systems, and web-deployed ML engines to address real-world challenges.

TECHNICAL PROFILE

Languages & Frameworks: Python, C++, Java, SQL, Data Structures & Algorithms (DSA), OOP

AI, ML & Data Science: Scikit-Learn, Pandas, NumPy, Matplotlib, Natural Language Processing (NLP), Linear Algebra, Prompt Engineering

Tools & Platforms: Google Colab, Android Studio, Git, GitHub, Linux (Bash/CLI), LeetCode

DevOps & Cloud: CI/CD Basics, AWS, Cloud Shell, Render Deployment Pipeline

PROJECTS & EXPERIENCE

Software Engineering Student / Project Lead

Coimbatore, India | 10/2025 – 04/2026

Sri Krishna College of Engineering and Technology (SKCET)

SmartFarm AI: KNN Climate Similarity & Scheduler Engine [Live Demo: project-coagri.onrender.com]

- Engineered a climate-matching crop planning system utilizing Scikit-Learn (KNN), Pandas, NumPy, and Matplotlib to evaluate weather parameters and optimize 30-day crop scheduling.
- Developed complete data processing, model evaluation, and visualization pipelines within Google Colab.
- Deployed model to production using Render with continuous deployment (CI/CD) and cloud environment configuration.

Automated Silent Mode System

- Built a location-aware automated classroom scheduling application designed to transition device profile states dynamically.

Voice-Controlled Agent

- Architected a hands-free voice AI solution with optimized execution logic and low-latency system response pathways to achieve high reliability.

EDUCATION

B.Tech in Artificial Intelligence and Data Science

Expected 08/2029

Sri Krishna College of Engineering and Technology (SKCET), Coimbatore, India

CERTIFICATIONS

- **Python for Data Science** – NPTEL / Swayam **(Elite Certificate)**
- **Python Skill Up** – GeeksforGeeks
- **Linear Algebra for Machine Learning and Data Science** – DeepLearning.AI / Coursera [Verify Credential]
- **Object-Oriented Programming Using C++** – byteXL
- **Prompt Engineering for Everyone**
